

APEXLOGIX SOLUTIONS

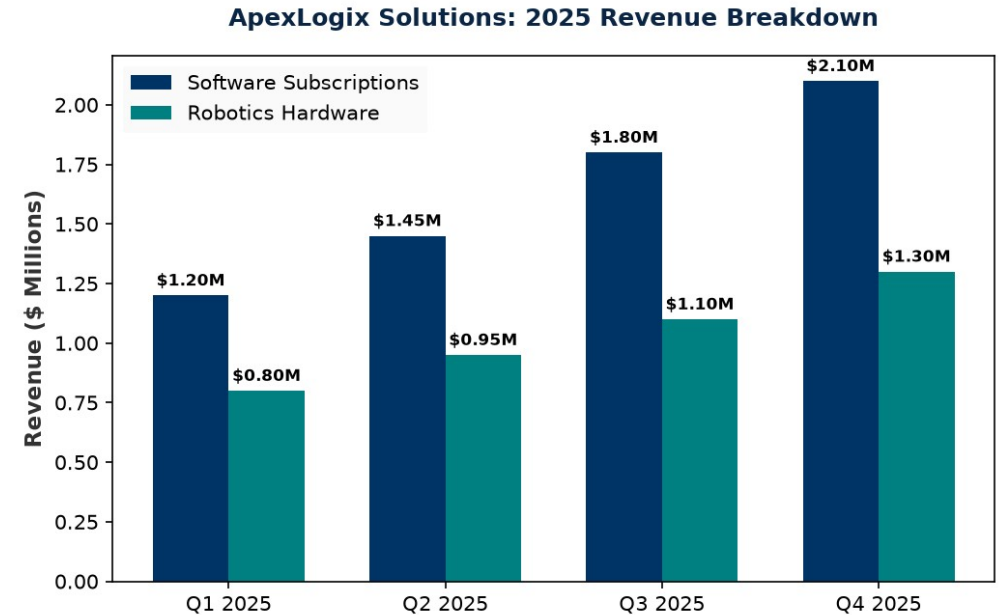

Q4 & FY2025 Financial Performance Review

Executive Summary: FY2025 Highlights

- Record annual revenue of \$7.25M across all business units.
- Software Subscriptions (SaaS) ARR grew 75% YoY, representing \$2.1M in Q4.
- Gross margins improved to 71% in Q4, driven by software scale and robotics optimizations.
- CAPEX investment of \$600K focused on robotics manufacturing equipment and logistics updates.

2025 Quarterly Revenue Growth

- Software SaaS is our primary growth engine, scaling from \$1.2M in Q1 to \$2.1M in Q4.
- Robotics Hardware revenue shows stable growth, pacing with customer deployment rollouts.
- Professional consulting services maintain a steady pipeline matching integration schedules.

Key Financial Profitability Ratios

- Operational efficiencies in robotics parts sourcing led to margin expansion.
- Net Margins reached a record high of 18.5% in Q4.
- Expect stable 70%+ Gross Margins heading into FY2026.

Ratio	Q1 2025	Q2 2025	Q3 2025	Q4 2025
Gross Margin %	65.0%	67.0%	69.0%	71.0%
Operating Margin %	18.0%	20.0%	22.0%	25.0%
Net Margin %	12.0%	14.2%	15.0%	18.5%
